Let's make this month one to remember: for Dad, for your budget, and for your winter sanctuary.

Turn your home into a winter fortress, without burning through your budget

Winter in South Africa is all about crisp mornings, cosy evenings, and the daily struggle to get out of bed. But staying warm and comfortable at home doesn't have to cost a fortune. With a little planning, some clever buys, and your bsmart card in hand, you can transform your space into the ultimate winter retreat for less.

From draught-stopping tips and energy-efficient heaters to hearty kitchen comforts and family movie marathons, we've rounded up smart ways to stay warm, bond more, and save as you go. You'll even find a few ideas to help Dad create his own "Fortress of Solitude" just in time for Father's Day.

- **Insulate on a budget** with plush rugs, thermal curtains, and draught stoppers.
- **Cook up comfort** with stews, soups, and baking days the whole family can enjoy.
- **Connect indoors** with board games, blanket forts, and streaming setups.
- **Spoil Dad** with a comfy chair, slippers, or the ultimate gadget upgrade.

And the best part? Every time you swipe your bsmart card at over **800 retail partners**, you get the **Best Price** so you can warm your home and your wallet.

News from our partners

You'd take the punch to protect your family. But are you protecting yourself?

Colon cancer is a major risk for men over 45. Screenings like colonoscopies matter, but many don't realise the specialist's bill often goes beyond what medical aid covers.

Gap Cover fills that shortfall, so there are no surprise bills and no delays in care.

MedXpert helps bsmart members find the right cover — and it's completely free.

Check where your plan might fall short.

Put your insurance knowledge to the test and win!

At IntegriSure, we know that having an experienced broker in your corner makes all the difference when it comes to shaping your home and motor insurance to suit your needs. When you're clear on what's covered, you can handle life's surprises with confidence. **Think you've got the insurance know-how? Put it to the test and get rewarded!**

Last month, we asked: What is the most likely outcome if your home contents are underinsured?

A big congratulations to **Johan Basson** for nailing it! The correct answer was '2' — "You will receive a reduced payout in the event of a claim", **Johan Basson** walked away with a Takealot voucher!

If your home contents are underinsured, you risk receiving only a partial payout, as the insurer will settle claims based on the insured amount of an item. Your insured amounts should therefore reflect the full replacement cost and be reviewed regularly to keep up with inflation.

Missed out? Here's your chance to win a R500 Takealot voucher!

This month's question: What does tyre and rim insurance typically cover?
