

Your June bsmart:
Milestones,
Winter Savings,
Prizes & More

June is a month worth celebrating. We're reflecting on a milestone 70th AGM, gearing up for some exciting changes on the horizon, and sharing everything you need to make this winter a little warmer - and a lot smarter on your wallet.

And if that's not enough, we've also got an exciting **competition running this month**, giving you the chance to win something special.

As always, your bsmart card is working quietly in the background, making sure every qualifying purchase puts something back in your pocket and get you to a Better Price.

On Monday, 25 May, bsmart welcomed over 70 members and their guests to Koffi Terapi, Willowbridge, Cape Town, for a memorable **70th Annual General Meeting** - a fitting milestone for an organisation with such a proud and enduring legacy.

bsmart director and well-known Smile FM radio host

Success Lekabe took the reins as MC for the evening, setting a warm and engaging tone as she welcomed guests and introduced the keynote speaker: legendary winemaker, owner of Beyerskloof Wine Estate and Pinotage king of South Africa, **Beyers Truter**.

Beyers had the room captivated with entertaining anecdotes from his storied career in the wine industry, alongside fascinating insights into the proudly South African cultivar that is Pinotage. Guests were then treated to a wine tasting, comparing a 2019 and 2025 vintages Beyerskloof Pinotage - a hands-on highlight of the evening.

bsmart chairman **Reinier Matthee** followed with a high-level update on the organisation's latest developments. The most anticipated news? The upcoming Chip and PIN bsmart card, which will also feature a digital payment app and the ability to do online shopping for members. If all goes to plan, the card is set to launch later this year - and members can look forward to detailed communication well ahead of time.

CEO **Monty Stephenson** rounded off the formal proceedings with an encouraging financial update, confirming bsmart's stable and healthy standing.

The evening was then closed off in style, with three great prizes handed out as part of a lucky draw - a fantastic end to a wonderful night.

Here's to the next 70 years!

When you claim, are you on your own?

Most of us don't think about insurance until something goes wrong. Then suddenly, the questions start: *Who do I call? Am I actually covered? How long will this take?*

The claims process can feel overwhelming - especially when you're already dealing with the disruption itself. But there's a big difference between navigating it alone and having someone in your corner.

Find out why claim time is where a broker's value truly shows - and what that could mean for you as a bsmart member.

Medical Aid After 35? Here's What You Need to Know

If you wait until 40 to get your first medical aid, you could pay up to 75% more on your premium. Forever.

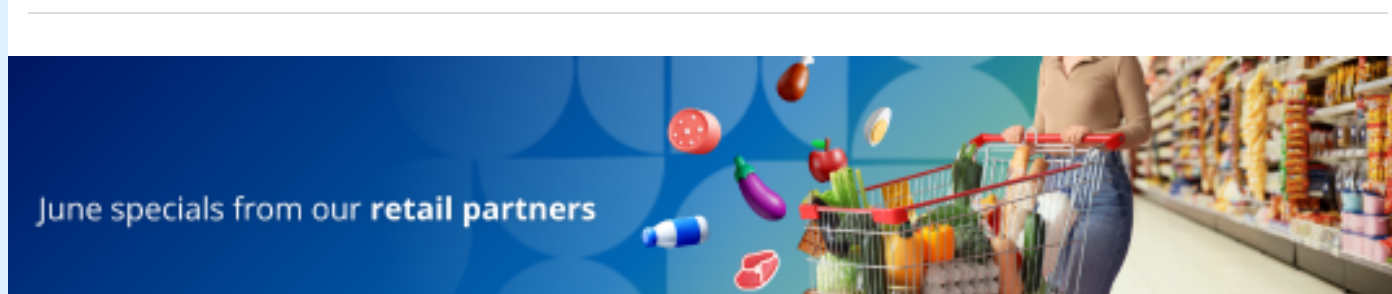

That is not a scare tactic. It is a rule built into South African medical scheme legislation called the late joiner penalty.

It does not only apply to first-time members. It applies to anyone who has been without cover for more than three consecutive months after the age of 35, whether they cancelled, took a gap, or simply let it lapse.

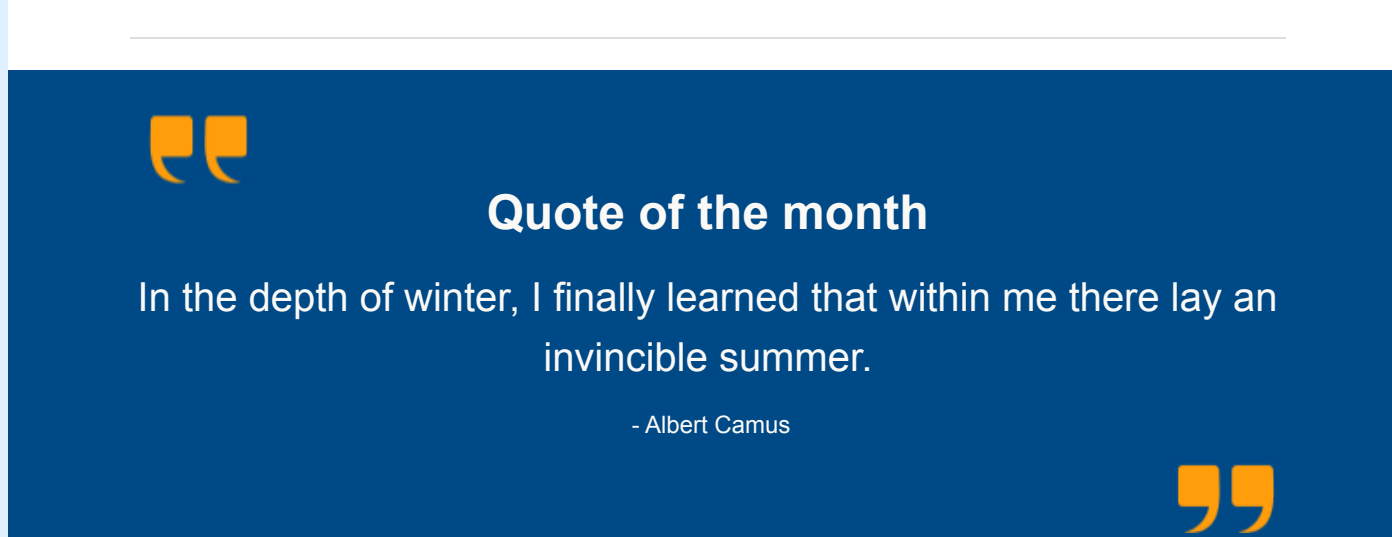

We broke down everything first-time members need to know before the penalty window closes.

It's worth five minutes of your time.
